

Hawaii is...
By Riley N.

Hawaii is...noisy.
Myna birds, cars on the Kamehameha Highway, ocean waves
Hawaii is...quiet.
Mongoose in the bushes, forests on the mountain, perched pueo

Hawaii is...old
Volcanoes millions of years ago, kupuna, heiau ruins
Hawaii is...young
Loihi forming, Kiki, baby chicks following their mother

Hawaii is...sharp
Coral, top of Diamond Head, hammerhead shark teeth
Hawaii is...smooth
Bays protected from the wind, white sand beaches, ti leaves

Hawaii is...big
Big Island, banyan trees, mountains
Hawaii is...small
Niihau, grains of sand, plankton in the Pacific
